## DeWitt welcomes new chiropractor

DeWitt HS grad comes home

By Mary Jo White  
mjwhite@lsj.com

DEWITT — After spending time training in Florida and running a practice in Colorado, a beautiful spot for a family who loves the outdoors, chiropractor Randy Chambers and his wife, Rebecca, decided to come home.

"I just kept missing Michigan and I'm glad to be back," said the DeWitt High School grad whose new clinic, Chambers Chiropractic at 12775 Escanaba, has been open three months.

Also coming home are their four children: Annabel, 6, Cooper, 5, Ainsley, 3, and Austin, 1.

Chambers has a wide range of experience, with a degree from Davenport University in physical therapy, a business management degree from Spring Arbor and degree from Palmer College of Chiropractic in Florida.

He believes that many ailments are the result of the modern diet, particularly with genetically modified food and items like Pop Tarts that have a very long shelf life and little nutritional value. He says we

## Bath Twp. considering smoke-free parks

By Mary Jo White  
mjwhite@lsj.com

BATH TWP. — Bath Township parks may become smoke-free, if board members decide to act on a recommendation from the township's parks and recreation committee.

Members heard a presentation at their July 16 meeting on the recommendation, which calls for prohibiting tobacco anywhere in the township parks, a step that goes beyond other communities which have designated certain areas, playgrounds and beaches, for instance, smoke-free.

Ingham County parks have smoke-free play areas, beaches and concession areas. Smoking is also prohibited on the splash pad at Hawk Island Park.

Eaton County passed a resolution last May discouraging smoking in its parks and prohibiting it in specific spots: playgrounds, athletic fields, beaches, aquatic areas, restrooms, spectator and concession areas and all enclosed structures.

A recommendation to design-
